*It all starts with care®*

You have immediate access to average savings of 31% on generic drugs and an average savings of 13% on brand name prescriptions. Caremark has over 57,000 participating pharmacies nationwide. Call 1-800-391-9721 or visit [www.careington.com](http://www.careington.com) for prescription information or for pharmacies in your area.

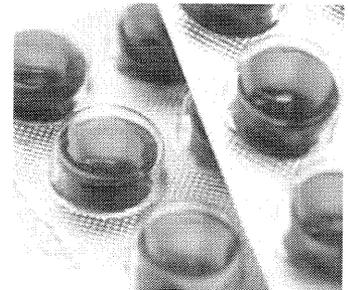

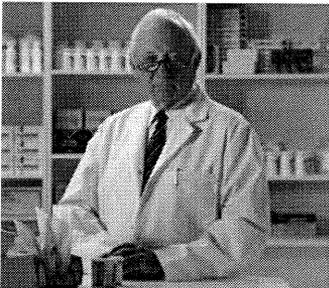

To access your discount, simply present your membership card to a participating pharmacy. The pharmacist will then enter the information from your membership card into the online computer system and you will be immediately eligible for substantial savings on prescription drugs.

## Mail Order Pharmacy

Save more on your maintenance medications through Caremark's convenient and money saving mail order service at [www.caremark.com](http://www.caremark.com). For assistance in expediting your mail order, call toll free 1-877-321-2652. To start using your Caremark.com mail order service feature, please download an order form at [www.caremark.com](http://www.caremark.com) and send it along with your prescription and payments to: Caremark.com, P.O. Box 961066, Fort Worth, TX 76161-0066.

When starting mail order, ask your doctor for a new prescription for the maximum day's supply allowed (e.g. 90 days with three refills). Send the completed form, your prescription and payment to the address above. Your order should arrive in 10 to 14 days. If you need to start your medicine right away, ask your doctor to write you two prescriptions—one for a smaller quantity (less than a 30-day supply) to be filled at a participating pharmacy, and one for between a 30 and 90 day supply to be filled by Caremark.

Refills are even easier and can be ordered online at [www.caremark.com](http://www.caremark.com) or by telephone through the automated refill service at 1-877-321-2652 or you can use the refill form that arrives with your order.
