

# Twin County Drug Drop Program

Free and Open to the Public

**Saturday, Sept. 6**

**9 AM to 12 Noon**

## If you're done with your drugs, here's the safest way to dispose of them.

Get unused medicines out of the house because unwanted drugs stored in the household can:

- ✓ Be consumed accidentally by children and others
- ✓ Be scavenged from trash or stolen and sold illegally
- ✓ Deteriorate, lose effectiveness, and may even be harmful
- ✓ Disposing of them through your water system or through the trash can result in ground water contamination

Drive through the drop-off area and give the medications to one of our pharmacists, who will make sure they are disposed of correctly. County and city law enforcement will be on site to make sure controlled substances are handled properly.

Please keep medications in their original containers. You may cross off your name and address if you prefer, but do NOT cover up the name of the medication. All medications and their containers will be destroyed at the end of the event and will be properly handled to ensure patient confidentiality.

### You Can Get Rid Of:

Prescription Medicine  
(pills, liquids and creams)

Over-the-Counter Medicine  
(pills, liquids and creams)

Medications for Pets

Vitamins
