VIII. Business

➤ **FY2026 Budget Reports – January 31, 2026**

○ Still not a lot of activity in late winter

➤ **County Administrator Report**

○ Started accepting online reservations March 2. As of 4pm, received 949 reservations, totaling \$126,110. 2025 was at 974 by end of day, (2.6% less but not through the whole day yet), 18% increase in revenue due to price increases. Smooth process thus far.

○ Seasonal reservations due last Friday: 3 sites not returning, 1 no response. 28 or so left at Shakey, 1 at Kleinke.

○ Shakey Lakes license updated.

- Seasonal Staff: 3 returning, 3-4 left to fill. Target to fill all by mid-April
- County Board approved:
 - membership into MARVAC
 - Quote with Piche for tree removal
 - Mason Park Road project - on agenda for MCRC
 - The County Board approved removing sites as discussed at prev. meeting
- County Board informed of proposed updates to brochures & maps
- Informed Staff that Parks office will be open 8am - 8pm (not 9a-9p)
- ATV/UTV ordinance, still in progress, will consult more with County legal
- Buildings and Ground Committee meeting this Wednesday
 - Received several quotes for dump trailer
 - Discussing skid steer for County to share, benefit Parks with different projects
 - Moving equipment around between County offices rather than buying new
- **Park Ranger Report - none.**
- **Shakey Lakes – Beach Access & Erosion Control Project**
 - Met with UP Engineers (UPEA) & Ayers Engineers to get proposals. Also looked into DNR grants available but too late for complete application. Plan to apply March 21, 2027 to allow more time for all aspects of the project. The State will contribute possibly up to 75%, especially if ADA accessible. Other helpful winning aspects discussed. Possibly include re-paving / re-surfacing of the parking lot. Engineers help put together the grant application and cost may be part of the grant process. Two to three phases to both engineering plans. The best case with the grant process is it won't be completed until 2028, realistically 2029.
 - Considerations:
 - Proposals with prices approximately, UPEA - \$26,000, Ayers - \$32,000.
 - Ayers took much more time to respond.
 - Could easily estimate over \$100,000 for full project cost. So far, \$20,000 spent already. Could even push costs higher through additions to the project.

- May still need to work on Shakey Lakes parking lot sooner regardless as it needs work done. Or may be best to see how it holds up through 2026 and make a decision in the fall.
 - MCRC can do crack sealing with summer help, they also can stripe it.
- M/Betzinger, S/Phelps - to Recommend to the County Board to fund the Shakey Lakes project as proposed and to enter into a contract with UP Engineers to complete Phase I to be paid out of the Designated Fund Balance. Vote taken. MOTION CARRIED UNANIMOUSLY.

➤ **Shakey Lakes – Music in the Park**

- August 8th. Musical act Neon Detour will perform for the same price as last year of \$1,400. The DJ & host will also do it for the same price as last year of \$100. Music act Marshall Star will perform for \$1,000, Music act Sunnyside (mother-daughter duo) will perform for \$500. A package deal for Marshall Star & Sunnyside is proposed at \$1,400. Music act Stranded does rock cover songs for \$1,500.
- M/Peterson, S/Smith to recommend to the County Board to book the DJ, Sunnyside and Stranded for \$2,100 (with Marshall Star as a backup). Vote taken. MOTION CARRIED UNANIMOUSLY.
- Also food trucks need to be contacted.
 - Adm. Carviou, Peterson & Betzinger will begin to follow-up on this.

➤ **West Shore Fishing Museum – Buildings & Grounds Custodian**

- Adm. and volunteer staff of the Museum are requesting the County to get more help with exhibits and bathrooms. Rangers and other seasonal staff can't devote enough time. Adm. proposes hiring someone to solely work 20 hours to do custodial work at this park. Position description presented to the Committee.
- M/Branz, S/Peterson to Recommend to the County Board to hire a Buildings & Grounds Custodian for the West Shore Fishing Museum. Vote taken. MOTION CARRIED UNANIMOUSLY.

➤ **Other Business**

- Adm. Carviou talked with representatives of Chappee Rapids about maintenance. The Historical Society there is asking the County to continue with maintenance. The committee will not make any recommendation.

IX. Public Comment

- Gary Peterson, Menominee. Camping at Shakey Lakes since 1999 and agrees with many changes except for elimination of parking lot camp sites. Our family & friends were disappointed with this. If your proposal is to redo the parking lot, then move the lot closer to the beach. Also the parking lot doesn't look as bad as stated by some on the Committee.
 - *Suggestion to add to earlier proposed grant to widen out the road*
- Debbie Smith of Fair Board - If you need a list of vendors for Music in the Park, let me know

X. Committee Comments

- None.

XI. Adjourn

- M/Betzinger, S/Westrich to Adjourn. Vote taken. MOTION CARRIED UNANIMOUSLY at 6:42 pm.

Dear Jason,

I am writing to you on behalf of the Marinette/Menominee Great Lakes Sportfishermen (MMGLSF) as their President. In particular the Stoney Point boat launch owned by the county. The MMGLSF has been very involved for over 30 years in the maintenance of this launch so it can remain usable to everyone and an important safety launch for rescues etc since it is the only launch between Cedar River and Menominee. Current club VP John Neilio has over 30 years of acquiring permits for various improvements and dredgings with the club paying for these permits, channel markers and other improvements.

2025 was no different as the water levels dropped to a point where launching any boat made it difficult because of the fall off at the end of the concrete pad. John wrote up a permit to use gravel at the end of the concrete pad so trailer tires wouldn't fall off the pad and cause damage and difficulty getting boats back out of the water etc. The channel is still deep enough to get out into the bay and will eventually need to be dredged again but it won't make a difference if the launch is still unusable. John estimates it will cost \$1,000 or less for this gravel fix.

John indicated to myself and the club members that he put in the effort to get this fix completed and presented the permit to you but no further action was taken on it. To be frank we are all very surprised this option wasn't immediately considered and acted upon! After all the county profits from launch fees and it is a popular launch. We do know budget constraints are always an issue and as always we are willing to help with costs of this project like we have always done in

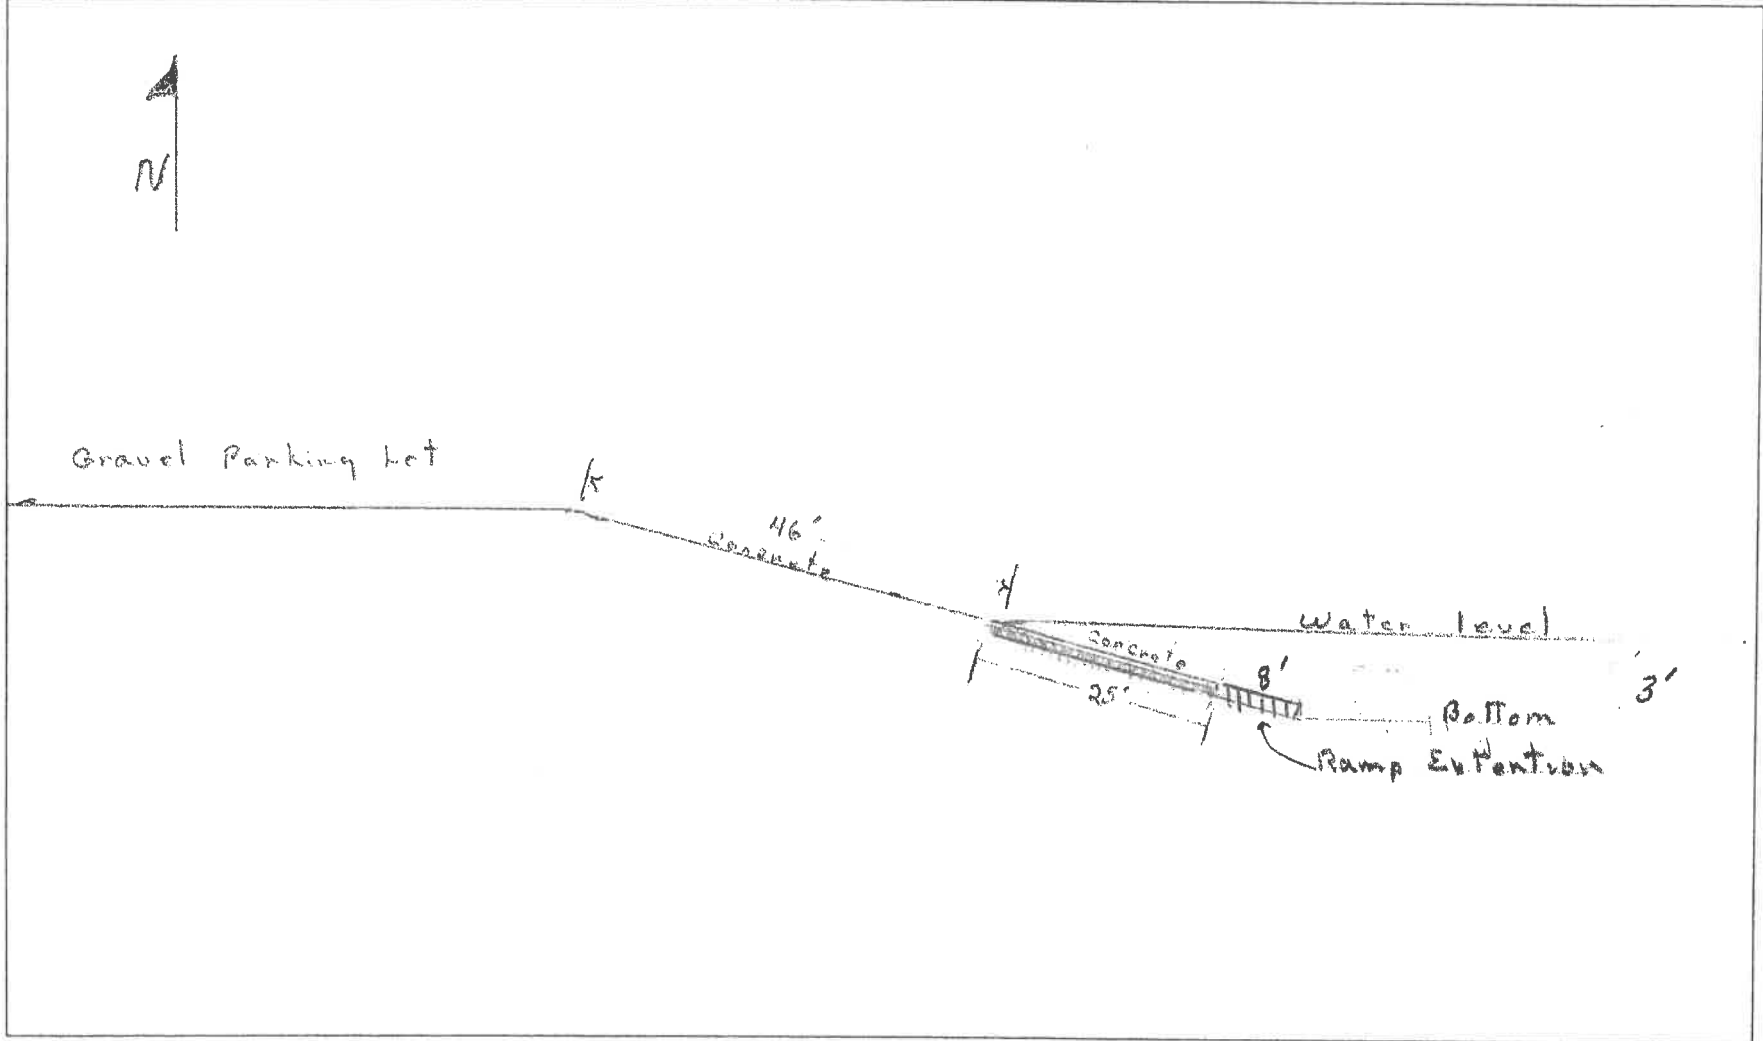

the past, all we need is yours and the county's cooperation. All future improvements that John and the club will work on will not be done if we cannot get your cooperation on this much needed immediate fix. The permit will still be good all we need is your partnership for your own facility. The safety factor alone is worth the effort!

I welcome a return email or phone call with myself and John as soon as you can so we know how to notify people that are asking us about the status of the launch. It will get very busy soon if it is not usable and we will have no choice but to refer the upset boaters to you.

Sincerely,

Keith Waloway, President MMGLSF
